If Animals Could Talk

What if animals could talk? Which animal would you talk with, and what would you talk about?

If you run out of room above, use the back of this page or get another sheet of paper.

I don't mean to "bug" you, but you might…

- ***list five animals you think are very interesting.***
- ***write down the three things that are most interesting about each of those animals.***
- ***decide which of the five animals is the most interesting.***
